

Dear [Rep./Sen. \_\_\_\_\_],

As your constituent and a resident of [City, State], I am writing to respectfully urge you to support proven and effective investments in international economic development that advance U.S. prosperity, peace, and security.

As Congress considers funding for FY 2027, I ask that you request and support appropriations for the **International Development Finance Corporation (DFC), the Millennium Challenge Corporation (MCC), the African Development Fund (ADF), and the World Bank International Development Association (IDA).**

U.S. investments in economic development have helped lift hundreds of millions of people out of extreme poverty, contributed to economic growth, and opened new markets to U.S. business. Development programs like DFC and MCC are critical for achieving U.S. strategic goals by investing in key sectors such as infrastructure, energy, and rare minerals.

At the same time, ADF and IDA help taxpayer dollars go further by unlocking funding from other governments and private sector finance to maximize the impact of U.S. investment.

Thank you for your consideration of this request and I look forward to hearing from you.

Sincerely,

[Name]
